Better  
with  
Buckwheat

**\$339 / 449**

One company, two cracker brands; both gluten-free and fantastic! Maine Crisp is the "gourmet" cracker -- densely packed with fruits, nuts, and complex flavors. \$4.49 a box, and kind of awesome with brie... Better with Buckwheat is more of a "blank slate" cracker, \$3.39 a box. They buy their buckwheat from Maine farmers.
